Farm Rescue Raising Funds for Vital Equipment

Nonprofit offering donors a unique opportunity to support assistance efforts

HORACE, N.D., November 28, 2018 – Farm Rescue, a nonprofit organization that provides planting, haying, harvesting and livestock feeding assistance free of charge to farm and ranch families who have experienced a major illness, injury or natural disaster, is currently raising funds to purchase essential equipment for future operations.

The nonprofit recently launched a fundraising campaign to assist in the purchase of two four-wheel drive tractors. The tractors will be used to pull sixty-foot air seeding units for spring planting in 2019 and beyond.

This fundraising effort offers a unique opportunity to individual donors looking to contribute to the cause. With a donation of \$250 or more, supporters will get their name placed on one of the purchased tractors. Supporters of the tractor fundraiser will be recognized for several years in a very visible manner.

“We are requesting help in acquiring this much need equipment in a time sensitive manner,” said Bill Gross, Founder & President, Farm Rescue. “These tractors are vital for us to provide spring planting assistance to those stricken by unexpected crisis.”

Farm Rescue is hoping to raise \$250,000 in donated funds to help acquire one of the new tractors. A second tractor purchase is also planned, with funding being made possible through increased contributions from existing sponsors, grantors and new business sponsorships. Those interested in donating to the Farm Rescue Tractor Fund should visit farmrescue.org/donate and choose “2019 Tractor Fundraiser” in the dropdown menu.

About Farm Rescue

Farm Rescue has helped nearly 600 families since its inception in 2006. The organization’s mission is to help farmers and ranchers who have experienced a major illness, injury, or natural disaster by providing the necessary equipment and manpower to plant, hay or harvest their crop. Farm Rescue helps farm and ranch families in North Dakota, South Dakota, Minnesota, Montana, Nebraska and Iowa. For more information about the organization and the services it provides, please visit www.farmrescue.org.
